Organizations Not Represented: None

Due to the nature of this meeting the following agencies were not in attendance:

Squad 11/Dive Team (non-transporting agency)
Squad 13/Cool Branch Rescue

TOPICS OF DISCUSSION: Please find below a summary of the topics that were discussed and relevant information regarding those topics. If you have any questions, please contact your Rescue Captain for details.

Public Safety Director Daryl Hatcher opened the meeting by welcoming everyone and thanking them for their attendance.

Mr. Hatcher explained that this was a special meeting to discuss integration of new reporting software and the cost associate therewith. ImageTrend is the vendor and the basic program is a free client base software. However, to make the process easier to use it is recommended that we upgrade the software. Early indications are that the program will cost approximately \$6,000.00 for set up fees and another \$10,000.00 for the CAD interface module. Yearly maintenance for the system will be \$2.00 per call.

Mike Pruitt and Kris Shrader provided an in-depth review of the software and the different uses available.

After review of the software, it was presented that the agencies would pay the initial purchase and the County would pay the yearly maintenance fee. It was discussed that the agency's

amount would be evenly divided between all agencies. A special meeting of the fire chiefs will be called within the next week to discuss this transition. It is anticipated that a decision will be made within the next few weeks. Each agency will be informed as more information becomes available.

For more information regarding this meeting, please contact the Public Safety administrative offices.

Questions and Comments

The meeting was adjourned.
